	300 mm X 450 mm	2 Bags
	300 mm X 750 mm	3.5 Bags

Technical Support

Our technical team are available to provide UK T: 028 2826 0766 ROI T: 048 2826 0766

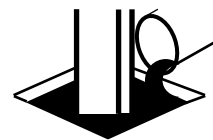

Site Conditions

Do not use K POST if temperature drops below 5°C. Use only between 5°C to 30°C. Setting times may vary due to temperature.

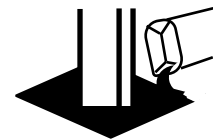

Health & Safety

For full health and safety information please refer to the K Post Safety Data Sheet available to download from the literature library on our website. All equipment should be cleaned with water immediately after use. Residue must not enter drainage systems.

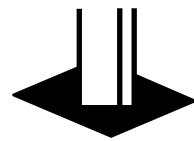

How to use K Post

1. Dig a hole to the desired size, fill halfway with water and position the post in the hole.

2. Pour K POST evenly around the post, filling the hole.

3. Tap the setting surface to remove any air bubbles and cover with soil. K POST will set in 5 to 7 minutes.
